

# **Business Owner / Connector (Truck Stop, Store, Feed Supply)**

**Subject:** A Local Civic Effort Rooted in Community

Hi [Name],

You don't know me yet, but I was encouraged to reach out because your business is a real hub for people in [County].

I'm part of **Tactical Civics™**, a constitutional civics organization — not political, not partisan. We're focused on helping citizens locally understand and *lawfully enforce* the Constitution through peaceful civic processes.

We're identifying a small number of counties nationwide where community connectors matter more than large crowds. Your role as someone people trust is exactly what makes that possible.

I'd appreciate 10 minutes to explain what we're doing and hear your thoughts. No pressure — just a conversation.

Thank you for what you already do for your community,
