

Faith-Forward Connector (Pastor / Church Leader)

Subject: Civic Responsibility, Faith, and Local Stewardship

Pastor [Name],

I'm reaching out as part of **Tactical Civics™**, a Christian-informed civic effort grounded in the belief that *self-government requires moral and engaged citizens*.

We are launching **Project America 125**, which focuses on smaller counties where faith, community, and responsibility still intersect in meaningful ways.

This is not a political movement. It is about restoring lawful civic authority at the county level — “We the People” acting as responsible stewards.

I would value your counsel on whether this effort fits the needs of your community and how best to approach it faithfully and wisely.

Grace and peace,
[Name]
