

## **Tactical Civics™ — County Connector Invitation**

Dear [Name],

You are known in your county as someone people trust.

Tactical Civics™ is a constitutional citizens' movement focused on restoring lawful self-government at the county level. Through Project America 125, we are identifying local leaders willing to help their county reach a constitutional readiness threshold.

This role is not political. It is civic leadership—helping neighbors connect, learn, and prepare to lawfully supervise government under the U.S. Constitution.

If this resonates, I would welcome a short call.

Respectfully,  
[Coordinator Name]  
Regional Coordinator  
Tactical Civics™
