

Tactical Civics™
Project America 125

Spoken Call Script – Community Connector

Hello, my name is _____. I'm calling with Tactical Civics™.

We work with local leaders — people others already trust — to help communities understand and lawfully enforce the Constitution.

This isn't politics. It's civics. We the People are the boss.

In very small counties, just a handful of committed citizens can make a real difference. We call this Project America 125.

I'd love to schedule a short conversation to explain how this works and see if it might be a fit for you and your county.
