

## General Connector Intro (Universal)

**Subject:** A Local Effort That Needs Local Leaders

Hello [Name],

My name is [Coordinator Name], and I'm part of a citizen-led effort called **Tactical Civics™**. We focus on *civics, not politics* — helping ordinary citizens lawfully and peacefully uphold the U.S. Constitution at the local level.

We're working on a focused initiative called **Project America 125**, which prioritizes small counties where committed local leaders can make a real difference. Your name came up as someone people trust and listen to in [County].

I'm not asking for a public stance or a big commitment — just a short conversation to see whether this effort aligns with your values and whether you might help us connect with the right people locally.

Would you be open to a brief call?

Respectfully,
