

Dear Southern Division Coordinators,

I hope this email finds you well and ready to take the next steps in our Tactical Civics™ mission.

Many of you are already familiar with our low-hanging fruit approach—focusing on smaller, conservative counties where we can quickly reach the critical ½ of 1% (0.5%) membership threshold to move to Phase 2 of our mission, standing up Grand Juries and Militia in our counties. Now, the coast to coast effort has a clear name and focus: **PROJECT AMERICA 125**.

I'm forwarding the official announcement from our Project America 125 team leaders, **Donnie George** and **Marilyn Simandle**. They are coordinating this refocused push Republic-wide, and they've asked our coordinators (that's us in the Southern Division: FL, GA, AL, MS, LA, KY, TN, NC, SC, VA, WV, MD, DE) to select and activate just **3 counties per state** from the attached lists.

These counties are prioritized for the fewest members needed (small populations = low targets, often 30–100 or fewer people) to hit that tipping point and move into Phase II. The easiest path is starting with the smallest ones—building trust through connectors, seminar culture, and education on Popular Constitutionalism.

Attached to this email you'll find:

- The full county list (with Pop2024 and Target numbers - in Excel & PDF)
- Revised Helpful Hints document (with our suggested enhancements for viability scoring, border clusters, small events, tracking, and digital tools)
- Quick Viability Score Reference + How to Make a Simple County Map (using MapChart.net to visualize your picks, including election lean and targets)

Please review Donnie and Marilyn's message below. This is our moment to move from preparation to action—lawfully and faithfully.

Forwarded Message from Donnie George and Marilyn Simandle:

To: All Tactical Civics™ Coordinators

Dear Friends,

There comes a moment in every movement when preparation gives way to purpose — when learning turns into action, and conviction turns into commitment. That time is NOW! PROJECT AMERICA 125 has been officially announced by Robert Drake, our CEO, on Tuesday January 20, 2026. This is a Call To Action!

PROJECT AMERICA 125 is a focused effort to pinpoint those counties having the fewest number of members required to achieve 1/2 of 1% of the county population, thereby advancing our Tactical Civics™ Mission’s movement into Phase II.

We are asking our Regional Coordinators to achieve the following by coordinating with State, Zone and County Coordinators:

- Find the Remnant /Connectors in the counties listed in the two attached lists
- Build a core group around that Remnant/Connectors through an effective seminar culture
- Educate, Educate, Educate Popular Constitutionalism
- We only need 3 counties of your choice per state to achieve the goal of 125 counties Republic-wide to move into Phase II.

Attached you will find the list of counties. The easiest path is starting with the smallest counties. Remember, our goal is only 3 counties per state. A second attachment is provided with guidelines to help select your counties

Every county activated strengthens the whole. Every person engaged accelerates the mission. Every step forward matters. History does not move because everyone stands. It moves because enough people do. This is our time to stand — lawfully, faithfully, and together. When you’re ready to take that next step, PROJECT AMERICA 125 is ready for you.

On **Monday, 9 February at 7:00 CT**, we want all coordinators to join us on our ZOOM call at ZoomGeorgia.com. We will be discussing this exciting new project.

With resolve and gratitude,

-- Donnie George/Marilyn Simandle TACTICAL CIVICS™ ProjectAmerica125

Next Steps for You:

- Review the attached lists and Helpful Hints.
- Use the viability score to pick your 3 counties (start with any that already have members or strong red lean).
- Try the MapChart instructions to create a quick visual of your picks (great for sharing locally).
- Join the ZOOM call on Feb 9 at 7:00 CT (ZoomGeorgia.com) for details and Q&A.

If you have questions or need help with county selection, mapping, or outreach ideas, reply to me or reach out to Donnie/Marilyn directly. Let's activate these counties and build that momentum! Thank you for your service.

joyfully,

Darlene
